If you need to have your prescription filled at a pharmacy that is not in our network, there are some exceptions allowed for non-routine circumstances when a member cannot reasonably use network pharmacies. If that happens, you will need to fill out a claim form and you may not get the same level of discounts as you would through a network pharmacy.

These Medicare Prescription Drug Plans (PDPs) are insured by United HealthCare Insurance Company or United HealthCare Insurance Company of New York for New York residents (together called "UnitedHealthcare"). UnitedHealthcare contracts with the Federal government as a PDP sponsor.
